^[1] Exhibit B sets forth a cash flow forensic analysis of the specified account(s) from March 1981 up to December 11, 2008, as applicable. Although records of BLMIS Customer Statements exist back to November 1978 in some circumstances, there is less financial information on those BLMIS Customer Statements. Accordingly, the attached cash flow analysis provides the accountholder(s) with a beneficial presumption that the cash and securities on a historical cost basis in the account(s) as of March 1981 were principal and did not include any fictitious profits.

^[2] Although BLMIS Customer Statements reflect that a larger transfer was made into the account on this date, a portion of the "transferred" funds consisted of fictitious profits which were never achieved and thus could not have been transferred. Accordingly, only the principal remaining in the originating account was transferred into this account on this date.

^[3] Although BLMIS Customer Statements reflect that funds were transferred out of this account on this date, these funds consisted entirely of fictitious profits which were never achieved and thus no funds were actually transferred out of the account on this date. Accordingly, the account balance has remained unchanged.
